Director of Innovation at iOmniscient

Bill Pearson

VP of Intel IOTG and
General Manager of Developer Enabling

iOmniscient

iOmniscient is a global leader in AI based multi-sensory analytics, involving video, sound, and smell, in real time and forensic mode. We have pioneered AI techniques that have created a new paradigm to analyze data from crowded and complex environments and provide the user with real time responses. Artificial intelligence enables our systems to have high levels of accuracy and low false alarm rates even in difficult situations.
